

BROOKES AND BEYOND 2024/25

Brookes & Beyond is a free programme that has been run in partnership with Oxford Virtual School since 2021. It helps care experienced young people learn about university and other options available to them. The sessions are not just about learning, a key element of the programme is to socialise with other young people in similar circumstances.

Feedback from carers:

“X enjoys Brookes and Beyond it has changed his perspective completely. He never thought he’d go to university but he now considers it a real option.

“X loves it and the fact that she continues to want to attend is fantastic, she initially didn’t want to come”
